

# Reading, writing and the Moomins

A

**Glad you're here!**

Join us on a small journey among letters, pictures, stories, and emotions.

Each poster in this exhibition has its own letter, and each letter is associated with an emotion. The stories are all written by Tove Jansson and can be found in the Moomin books.

B

On the posters, you can see places and characters from Moominvalley. When you look at the pictures and listen to the stories, you may imagine how the characters feel.

C

In the following exercises, you get to talk about your feelings, play games, and complete exercises.

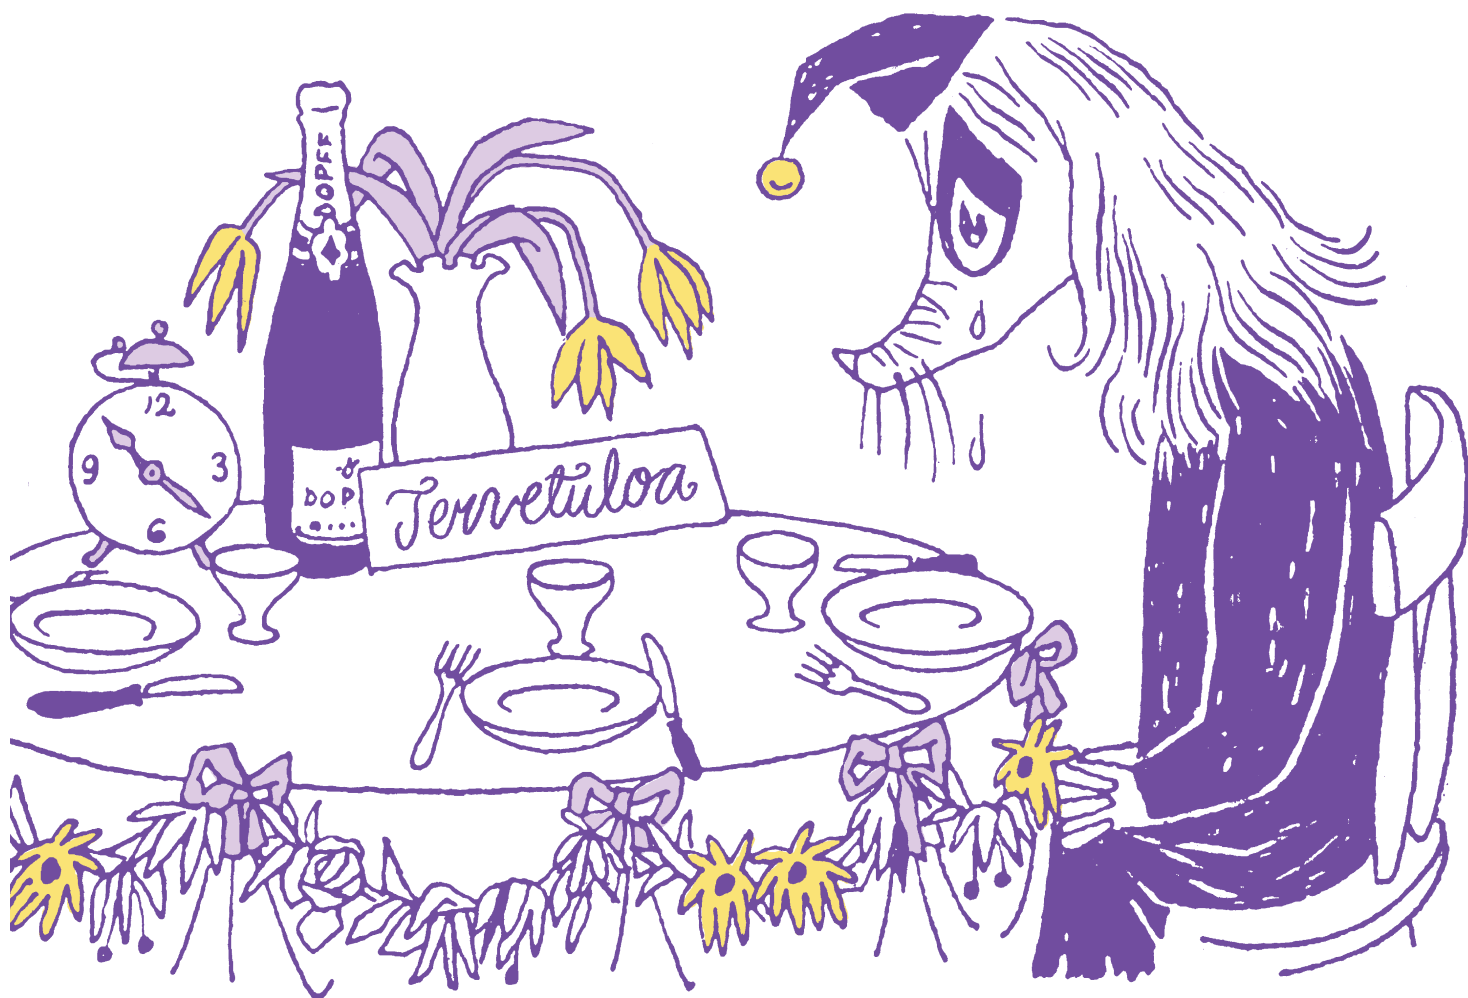

You can read all the stories and do all the tasks or select only some of the stories and tasks - it is up to you.

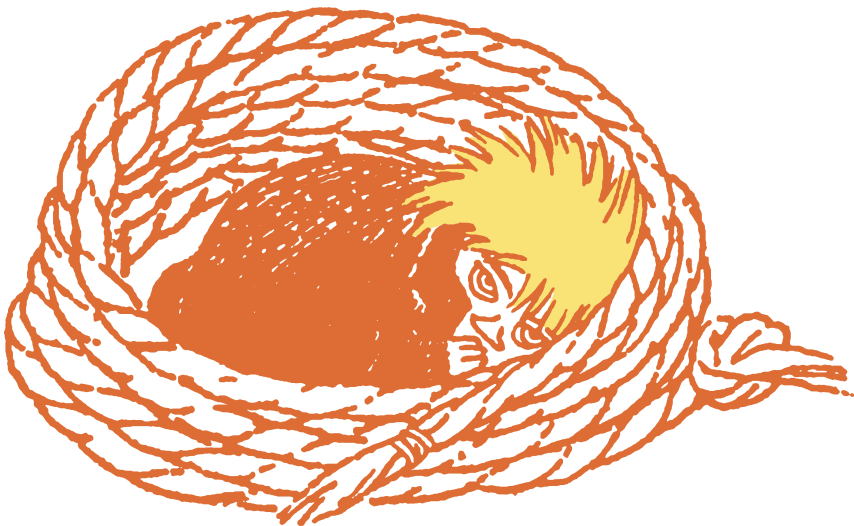

**Enjoy the journey!**
